

Warm vegetable lunches at school

Let your child reap the life-long benefits

Are you in?

tommytomato.nl

Hi, I'm Tommy Tomato!

Today I organized a trial lunch in your child's class. Did your child eat with us, too?

Eating vegetables is a skill, like doing math or reading - sometimes it's easy, and sometimes it takes some practice. With Tommy Tomato, it's fun and educational!

The more fun you make it, the more veggies your child will eat. And that's good for more than just their health!

**Veggies give you
souperpowers!**

Tommy Tomato is for everyone

Learning to eat vegetables at an early age will lay out the foundation for a healthy life. We think every child deserves this chance. That's why we think it's important that all children are able to participate.

Can't pay for the lunch?

Tommy Tomato is here to help. You decide how much you can spare for the lunch, and we will supplement the rest with sponsorship funds.

How it works:

- Indicate your interest in the sponsorship during the registration process and we will contact you;
- This is based on trust, we won't ask you about your situation or income;
- The sponsorship is discreet, and nobody has to know about it, including your child and the school staff.
